## Moonshine Still Pictured in Operation

A couple of weeks ago officers snapped this picture of a moonshine still in operation near the Hempstead-Lafayette county line shortly after closing in and arresting two of its operators. The still is 60 barrel capacity. Some 2,000 gallons of mash, in barrels surrounding the copper pots, were seized and destroyed along with 54 gallons of liquor. It was one of the largest stills ever to be seized in this area. Arrested at the scene were two Lafayette county men, Wilton Estes and Clarence Robinson, both have been arraigned in Federal Court at Texarkana. Sheriffs of both counties, Buck Baker and Jimmy Cook, State Police Lt. Pod Porterfield, ATU officers and Deputy Sheriff Bill Gentry made the seizure and arrests after an all night wait.

## Anti-British Strike Still on in Cyprus

BY L. S. CHAKALES

NICOSIA, Cyprus (AP)—An anti-British strike continued in Cyprus today, keeping commercial life on the island almost at a standstill for the second consecutive day.

The spontaneous shutdown by Cypriot shopkeepers and workers is protesting Britain's exile of Archbishop Makarios, leader of the union-with-Greece movement. A few shops hesitantly opened their doors this morning but closed again as word spread to continue the protest.

Business places in the Turkish and Armenian quarters remained open.

Military patrols were out in strength in the island's principal cities and towns but no fresh disorders were reported.

As tensions continued to mount, a U. S. State Department spokesman in Washington said the United States has suggested to Britain that she find some way of resuming negotiations with Cypriot leaders in the dispute over the island's future.

## Junior Play Described as One of Cutest

Jay Bagwell, speech practice teacher from Henderson State Teachers College, is assisting Mrs. B. B. McPherson with the direction of the Hope High School junior play "Tattletale" to be presented at the school March 16.

Mrs. Bagwell has attended Henderson four years and will graduate in August. For the past two years he has worked as an announcer for Arkadelphia's radio station KVRG. When asked what he thought of the play Mr. Bagwell replied, "I think it is one of the cutest high school plays I've seen and I think it is one everyone will enjoy."

In the play a group of six high school students lead the demonstration parade against the "tattletale." Playing the part of these students are Wanda Dixon, Janelle Warren, Vivian Tonemarker, Alvin Easterling, Orval Brannon and Delmer Welliver.

Wanda is a member of the Secretarial Club, MacArthur History Club, and Future Teachers of America. Vivian and Janelle are members of the Future Homemakers of America and Vivian is also a member of the Library Club.

Alvin was one of the cheerleaders this year. Orval and Delmer are in the Chemistry Club and MacArthur History Club. Delmer is a French horn player in the band.

## Mrs. Eva Pate 43, Succumbs in Local Hospital

Mrs. Eva Pate, aged 43, wife of Garland Pate, died yesterday in a local hospital.

She is also survived by four sons, Johnny, Mickey, Jimmy and Jerry Pate of Hope and a daughter, Mrs. Jack Force of Shreveport. Mrs. Pate was born in Mississippi. Her husband was born in Louisiana. They were married in 1910. Mrs. Pate was a member of the Methodist Church.

Funeral services will be held at 10 a. m. Wednesday at Herndon-Cornelius Chapel by the Rev. Virgil Kealey. The body will be taken overland to Center Point, near Hazen, for burial. Graveside services will be held at 4 p. m.

## House Passes Bills to Cancel Tax Reduction

WASHINGTON (AP)—The House today passed and sent to the Senate bills canceling a scheduled April 1 cut to take effect, would cost the government three billion dollars a year in revenue.

The bills were brought before the House under procedure limiting debate to 40 minutes and requiring two-thirds approval for passage. The Senate has not acted.

The legislation would extend for another year after the present 52 per cent income tax on corporation profits, the existing excises on liquor, gasoline, special motor fuels, cigarettes and autos.

These rates were imposed early in the Korean War, and Congress has extended them on a year-to-year basis since it ended. Extension until April 1, 1937, was requested by President Eisenhower as being necessary to balance the budget this year and next. He was backed by both Republican and Democratic House leaders.

In the absence of congressional action, corporation income taxes would automatically fall to 47 per cent April 1. The cutback would reduce the normal tax rate from 30 to 25 per cent while leaving unchanged the 22 per cent surtax.

Treasury experts estimate loss of revenue at two billion dollars if business taxes should revert to the 47 per cent rate, and another billion dollars if excises should go back to pre-Korean levels.

The extension is designed to block reduction of the gasoline tax from 2 to 1 1/2 cents a gallon; liquor from \$10.50 to \$9 a gallon, beer from \$9 to \$8 a barrel; autos from 10 to 7 per cent; cigarettes 50 cents a thousand; and wines varying amounts according to alcoholic content.

## Committee Fixes Fees of Candidates

Hempstead Democratic Central Committee met at City Hall this morning and fixed fees for candidates and set election dates. Chairman W. S. Atkins presided over the session.

The group set the filing deadline at 12 noon May 2. The preferential primary election will be held on July 31 with the runoff or primary election two weeks later on August 14.

Fees for candidates for county Judge, county clerk, circuit clerk, treasurer, tax assessor, sheriff is \$500 each without opposition and \$300 with opposition.

Others include county surveyor and coroner \$50 each, city clerk \$150, aldermen \$50 each without opposition and \$25 with opposition.

## \$1050 Paid for a Local Bull Calf

An 18 month bull calf of Brannon and Spencer Hereford Ranch of Hope selling for \$1050 topped the Southwest Branch Arkansas Hereford Association sale at Texarkana yesterday afternoon. The Brannon and Spencer bull calf was Reserve Champion of the show conducted during the morning for the sale entries.

The Polled Hereford MSL Rollo Domino 24th, owned by Jesse Duckett, 4-H Club member of Hope, sold for \$450. This 14 month old calf was Junior Division Grand Champion Bull at the Third District Livestock Show, Four States Show and the Arkansas Livestock Show last fall. This calf was sold to Gerard Brothers Hereford Farm of Magnolia.

Another 4-H Club boy, Don Fuller of Hope, sold his 14 month Polled Hereford MSL Rollo Domino 22D for \$280 to Morgan Griffith of Emmet.

The Spencer and Brannon calf selling to Bert Larry of Texarkana for the \$1050 was bred on the Ned Purdie and Son Hereford Farm east of the Experiment Station near Hope. The calf, PHR Miller 15th, was dropped September 14, 1934, and sired by Portage Mixer, the Purdie herd sire which is from a Merit Sire Portage Plus Mixer.

This bull calf is an extremely deep bodied, heavy boned, straight legged and good headed individual that should have a wonderful future.

## Cold Weather Is General Outlook

By The Associated Press  
Generally cold weather was the outlook today for most of the country although there was relief from the below-zero blasts in northern Midwest areas.

The southeast corner and sections of the far Southwest were the only mild places.

More rain fell along the leading edges of the arctic air from south Texas northeastward through the lower Mississippi Valley, Alabama, Tennessee and the Middle Atlantic Coast states.

Heavy rains were in extreme east Texas and the lower Mississippi Valley.

Warm moist air streaming northward from the Gulf of Mexico collided with the cold air yesterday, resulting in a long belt of generally light precipitation stretching from Texas to the Great Lakes into New York and parts of the mid-Atlantic coastal area. The precipitation was snow or a mixture of sleet, snow or freezing rain with scattered showers of light rain in Southern regions.

The cold air which spread over Texas lowed temperatures 20 to 30 degrees in most areas.

Lower readings also were reported in New England, the Ohio Valley, the Great Lakes region and the middle and lower Mississippi Valley.

The warming trend was in the northern and central plains and upper Mississippi Valley.

## American Clergymen Run Into Difficulties in Moscow in Talks Preceding Russian Tour

By STANLEY JOHNSON

MOSCOW (AP)—A delegation of American clergymen and patriarch Alexei ran into difficulties at the opening of their formal talks today over how much time they should devote to discussing the role of the churches in the struggle for peace.

The visitors, headed by Dr. Eugene Carson Blake of Philadelphia, found themselves entangled with the head of the Russian Orthodox Church in a procedural wrangle of a type which has plagued most postwar Western negotiations with the Russians.

The peace topic was up for discussion today at a round table in the patriarch's residence, which incidentally is on a narrow street called "Clean Alley."

The patriarch found this much to his liking and said he probably would want to talk on the same subject tomorrow.

Dr. Blake, president of the U. S. National Council of Churches, objected. His 10-man group, which arrived Sunday, has a packed program for the remaining eight days of the visit.

"We have agreed to a seven-point agenda and the members of our delegation came prepared to discuss all points," Dr. Blake said. "Tomorrow we planned to discuss the freedom of churches to fulfill their mission."

The official Russian Orthodox view is that all churches should join the Communist-backed World Peace Council and align themselves with petitions for an unconditional ban, as proposed by Soviet leaders on atomic and thermonuclear weapons.

The conversations, the first such

## Will Propose Amendment to Constitution

TEXARKANA, (AP)—The next Arkansas Legislature may be asked to support a proposed amendment to the U. S. Constitution to vest in the state sole authority over exploration and production of natural resources.

State Sen. Jack V. Clark of Texarkana said yesterday that he will offer such a resolution to the 1937 General Assembly if he is re-elected.

The senator, who will seek a second term in the Democratic primaries next summer, said the proposal would urge other states to join in petitioning Congress to call a convention to consider the amendment.

Clark said Texas Atty. Gen. John Ben Sheppard asked him to submit the resolution, and that a similar measure will be offered to the Texas Legislature. Clark said he agreed to the request because he wants to protect the mining of Arkansas bauxite from federal control.

Recently, Congress passed a bill exempting the producers of natural gas from federal regulation. The bill, authored by two Arkansasans, Rep. Oren Harris and Sen. J. William Fulbright, was vetoed by President Eisenhower.

## PSC 20% Level Found in Only Two Counties

LITTLE ROCK (Special).—Property taxes are being paid this year by Arkansas real-estate owners on assessments which average only 12.32 per cent of actual value, instead of 20 per cent as prescribed by the state Public Service Commission, a radio study—the sixth in as many years—by a committee representing the Missouri-Arkansas Association of Tax Representatives indicates.

Copies of the report, in the preparation of which 20 public utility companies participated, were filed today with the state Public Service Commission by the committee. The PSC, through its Assessment, Coordination Division, is engaged in a similar study of its own, pursuant to directions embodied in the 1935 act creating the Division.

The sale prices shown in 17,614 deeds were compared with the assessed valuations of each tract to arrive at the ratios "for the state and for each county's rural and urban property."

Data from county assessors and circuit clerks are used in the surveys. Only the sales prices recorded in recorded warranty deeds go into the computations and are omitted if the consideration is less than \$250 or if the information for any reason might tend to distort the results. For example, sales to the state for a political subdivision or to any utility, church, lodge or educational association are among transactions excluded.

Although the average assessment ratio was far below the 20 per cent prescribed by the PSC for all property, it was an improvement over the 1934 figure, which was 11.34 per cent. A statement signed by C. B. Randall, chairman, W. E. Kline, N. E. Havens, L. E. Leas and K. E. Quevally, members of the Arkansas Radio Study Committee, noted that "42 counties have combined assessment ratios less than the state average of 12.32 per cent, while 33 counties are above 12.32 per cent. Three counties are above 18 per cent, namely, Stone, 22.00; Little River, 20.04, and Drew, 18.19."

In the six-year span of the committee's surveys, the highest ratio was shown for 1930, when the average was 13.41 per cent. Since then, the range has been 1931, 13.31; 1932, 12.30; 1933, 11.51; 1934, 11.34.

## Morgan Quito as Agri Administrator

LITTLE ROCK (AP)—M. D. Morgan resigned yesterday as administrator for the Arkansas Agricultural Stabilization and Conservation office here, pending "pressing personal business."

Morgan, who lives at Pine Bluff, has held the office since July 1954. His resignation was accepted by W. J. Johnson Jr., of Magnolia, state chairman of the ASC. Morgan said he would handle Morgan's duties until a successor can be selected.

Last year, the Agriculture Department investigated the operations of Morgan's office after receiving an anonymous letter of complaint. The department offered to ignore the letter, because it

### NEW YORK STOCKS

NEW YORK (AP)—The Sotek Market drifted somewhat lower in early afternoon today after a three day advance into record high ground.

Price changes ranged to around 2 points in either direction, with losses outnumbering gains. There was an absence of leadership by any major division. Steels, coppers and motors were mostly lower. Aircrafts, rails, utilities and chemicals were mixed.

Barrow in Alaska. "It will be highly dramatic... two people... tiny dots in the endless snow... moving toward the climax."

The director, a former scenario writer, likes to relax by imagining fresh plots for films he may never make.

Hitchcock has completed between 45 and 50 pictures since making his first one in Germany in 1925.

"I started as a boy director—and I'm still a boy director," he said, grinning cherubically.

"All but a dozen of my pictures have made money. I suppose they've cost about 35 to 40 million dollars altogether, but they've brought in well over 100 million."

He keeps expenses down by plotting every scene thoroughly before a single camera turns. His life-time of artistry has this reward: At 56 he is one of perhaps a half dozen living directors whose mere name on a film has a real box-office value.

"But I've never managed yet to win an Academy award," he observed, comfortably. He appears not too unwilling to take the cash, and let the credit go.

Hitchcock, here to make a film called "The Wrong Man," based on the true story of a Stork Club musician who was arrested for a crime he never committed, enjoys doubling as an actor and producer

a dedicated loyalty to the risk. Christ, it is in the context of the Christian gospel and the bearing of that gospel upon the conduct of men and of nations that we embark upon these conversations."

Dr. Blake had told a news conference yesterday that the most critical items on the agenda were what the "churches of the two countries have done and are doing to promote world peace and the freedom of churches to fulfill their missions in each country."

11.34; 1955, 12.32. Not until 1955 was the downward trend halted, although in 1951 the urban property assessment ratio was raised slightly, and this happened again in 1954. For rural property, however, the ratio has dropped steadily, even for last year.

Highest rural assessment ratio was reported for Arkansas County, with 25.32 per cent; lowest was Saline's 6.15. Highest urban ratio was Stone's 23.86; lowest was Desha's 7.25. For rural and urban properties combined, Stone was high with its 22.09 per cent and Montgomery on the bottom with 6.77. The wide variation within the same general territory is apparent from the ratios in counties adjoining Stone. They were: Izard, 9 per cent; Independence, 10.82; Cleburne, 11.01; Van Buren 8.37; Baxter, 10.37; Searcy 17.20.

The 1955 General Assembly, in enacting the Assessment Coordination Law and refusing to increase the sales tax 50 per cent, served notice on the public that it expects additional revenues for public schools to come from the property tax. Utilities for which valuations are rendered by the PSC, are assessed at approximately 20 per cent.

Some of them, especially a few railroads, have become increasingly reticent as they continue to pay taxes on a higher ratio on value than property owners generally. Two major railroads, the St. Louis-San Francisco and the Kansas City Southern, are contesting their 1955 assessments in Pulaski Circuit court.

Mississippi County, second most populous in the state and one of the nation's wealthiest predominantly agricultural counties has a relatively low assessment ratio for rural lands. It was 7.66 per cent, compared with a state average of 10.07. Beginning with 1950, the Mississippi County rural assessment ratios have been: 1950, 9.40; 1951, 10.19; 1952, 8.57; 1953, 7.57; 1954, 8.58; 1955, 7.66.

Urban property in Mississippi County is not far below the state average. It was 12.65 in 1955, when the state urban ratio was 13.27. For the prior years, the Mississippi County urban ratios were: 1950, 10.91; 1951, 10.93; 1952, 11.28; 1953, 10.80; 1954, 10.80; 1955, 10.80. Mississippi County's rural and urban combined ratios were: 1950, 10.18; 1951, 10.80; 1952, 9.91; 1953, 8.54; 1954, 9.32; 1955, 10.63.

Each session of the General Assembly for many years has found Mississippi County members acting as floor leaders for the school lobby in seeking higher state taxes.

The state's largest county, Pulaski, has a combined ratio, based on 3,490 transactions, slightly over the state average. For Pulaski, it is 12.96 compared with 12.32 for the state. In other years, the Pulaski ratios for both rural and urban property were: 1950, 14.11; 1951, 13.68; 1952, 12.65; 1953, 13.61; 1954, 11.50.

Pulaski urban ratios were: 1950 14.31; 1951, 13.73; 1952, 12.64; 1953, 12.87; 1954, 11.82; 1955 13.25. Pulaski rural ratios were: 1950, 11.13; 1951, 12.37; 1

## DOROTHY DIX

### Is it Love — or Is He Lonesome?

Dear Miss Dix: I am writing to a boy in the Air Force. I met him during his leave last summer and we went out several times. When he went back to his base I promised to write to him. He is a very nice boy and I like him very much. He is 19, I am 16.

In his last letter he wrote that he is in love with me. I'm not sure that he is. I think he's just lonesome. I also think I'm too young to recognize love and know how I really feel about him. I asked him to wait until he comes back and we get to know each other a little better. Did I do the right thing? I didn't want to hurt him. SCARLETT

Answer: You handled a difficult situation with all the finesse and tact of a mature person. Your wisdom is beyond your years. Your summing up of the boy's emotions is also indubitably correct. Leads away from home get so lonesome and are so eager to snatch every evidence of affection that they often mistake friendship or kindness for love. This is one reason for so many unfortunate service marriages. I'm sure your boy's feelings won't be hurt, just as long as you continue your pleasant correspondence in a spirit of friendliness.

Dear Miss Dix: My parents both

## French Act to Give Mollet Full Powers

By JOSEPH E. DYLAN

PARIS (AP) — Premier Guy Mollet's bill for sweeping emergency powers to quell the Algerian rebellion went to the Senate today backed by overwhelming approval in the National Assembly.

The Senate was expected to act either tomorrow or Thursday. The measure authorizes broad powers to impose martial law, shake up the Algerian administration and break up vast landed estates for the benefit of Moslem tenant farmers.

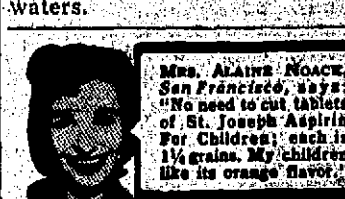

The action came as a wave of Algerian troop desertions plagued the French army in the North African territory.

The National Assembly adopted the bill 455-78. Only the followers of Pierre Poulade, the anti-lax leader, voted against Mollet's group, Communist leader Jacques Duclos surprised most political observers when he threw his 150 votes to support of the bill.

## Insurance Has Gone to the Dogs

By WENE J. CAPRON

KANSAS CITY (AP)—The insurance business has gone to the dogs here, and if that works out it may go to the dogs too.

Two Kansas Gillians, Richard E. Nelson and Gordon J. Neale, are offering policies covering hospital expenses for people who fall ill, are wounded in wars, or come too close to a car.

Nelson said a similar policy may be worked out for dogs if the dog insurance goes according to plan.

Under these plans, pet owners would insure their dogs for "household" insurance. Nelson and Neale spent several months planning, doggedly through records of five local veterinarians covering 10,000 pets before setting their premiums.

"We've set the premium low enough—\$15 a year—for any owner who's interested," Nelson said.

The policies go on sale today. They're being written by the Employers Mutual Casualty Co. of Des Moines. Nelson predicted they would soon be available in all 48 states.

The plan provides for such expenses as hospitalization, surgery, x-rays, laboratory fees and drugs resulting from a dog's illness or accident.

Coverage is a "tailor-made" through licensed veterinarians.

## Question Is Will the Probe Really Work?

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The special eight-man committee picked by the Senate to investigate lobbying has its work cut out for it, the big question is: Will it do its work?

There are four Democrats and four Republicans on this committee. If they play politics on the direction the investigation takes, splitting along party lines, there won't be much investigation.

They've already shown signs of party splitting. From the time they were appointed Feb. 23 until Saturday they were so badly divided they couldn't agree on rules for doing business.

Now they have agreed — with Sen. McClellan (D-Ark) as chairman and Sen. Bridges (R-NH) as vice chairman — but the kind of agreement they made leaves the door open for party splits and paralysis.

McClellan as chairman may issue subpoenas for witnesses, documents and records but only after telling Bridges what he intends to do.

If Bridges objects, then the problems must be submitted to the full committee for solution, any time they split on party lines, there probably will be no solution and no action.

The chief counsel and other staff employees of the committee will be

hired only after majority approval. Once again a 4-4 party split could wreck even this elementary effort to get started.

This is going to be an interesting committee to watch, whether it does a real job, shadow boxes or blows up in confusion. This is an election year and a real investigation might cause political explosions.

This committee will not have time for a thorough study of the whole field of lobbying in the time given it. The Senate instructed the committee to finish its job by next Jan. 31.

Just getting a staff together and then letting the staff dig into the field and prepare the groundwork for public hearings, will take a lot of time. McClellan says now he can't tell when the inquiry will begin.

## Love Sick Boy Is a Suicide

ATLANTA (AP)—A 17-year-old youth shot and killed himself in the presence of a girl friend he had been forbidden to see.

Police Lt. R. A. Boone at suburban Decatur identified the youth as Jon Hutchison Phillips and listed his death as suicide. He withheld the name of the 15-year-old girl.

Boone said the girl's father had forbidden her to see Phillips after she and another girl met him while out driving a week ago.

He said when they met last night Phillips pulled out a .38 caliber revolver and told the girl: "This is going to be real easy—I won't feel it."

## Pot Shots Are Tossed by Candidates

By The Associated Press

An exchange of pot shots between the rival camps of Adlai Stevenson and Sen. Estes Kefauver has added new heat to the windup of New Hampshire's Democratic presidential primary campaign.

Members of both parties in New Hampshire will ballot tomorrow. President Eisenhower seems assured of a decisive victory in the Republican contest, so interest centers on the Kefauver-Stevenson competition for Democratic convention delegates.

Stevenson supporters yesterday put out a statement claiming Kefauver is "a straw candidate receiving money from the governor of a large state" in an effort to torpedo Stevenson's candidacy. The statement did not identify the governor.

Kefauver, stopping in Boston en route to New Hampshire for a final round of campaigning, said last night:

"We've received mighty little money from anybody, and no governor has given or offered us any contribution."

Kefauver is unopposed in the presidential preference section of the primary and Stevenson has not campaigned in the state. Both men are represented on the ballot by full 12-member delegate slates, however. Single delegate candidates are in the democratic race as favoring governors Averell Harriman of New York and G. Menen Williams of Michigan.

On the Republican side, seven delegate candidates favorable to Sen. Knowland of California are lining against Eisenhower backers. The President is unopposed in the preference poll.

The much-discussed question of who will be Eisenhower's November running mate popped yesterday in a New York radio-TV interview of Gov. Christian A. Herter of Massachusetts.

Herter said he is "making absolutely no effort" to get second place on the GOP ticket but would take the assignment if Eisenhower and the party convention "wanted me." The governor said he would be "very happy" if Vice President Nixon was nominated for a second term.

Something less than solid support for Nixon was shown Saturday in an Associated Press poll of 19 if the 38 prospective GOP convention delegates in New Jersey. Nine of the organization-backed delegate candidates favored Nixon while 10 were either undecided or lukewarm toward him. All 19 candidates were for Eisenhower.

Among the Democrats, there were indications that a Texas "favorite son" move for Sen. Lyndon B. Johnson might spread and give his presidential support from Southern states.

Sen. Russell (D-Ga.) said yesterday that if Johnson wants to run "I will support him 100 per cent." Sen. Thurmond (D-SC), who headed a States Rights ticket that opposed national Democratic candidates in 1948, commented that Johnson would be an "attractive candidate" in his state.

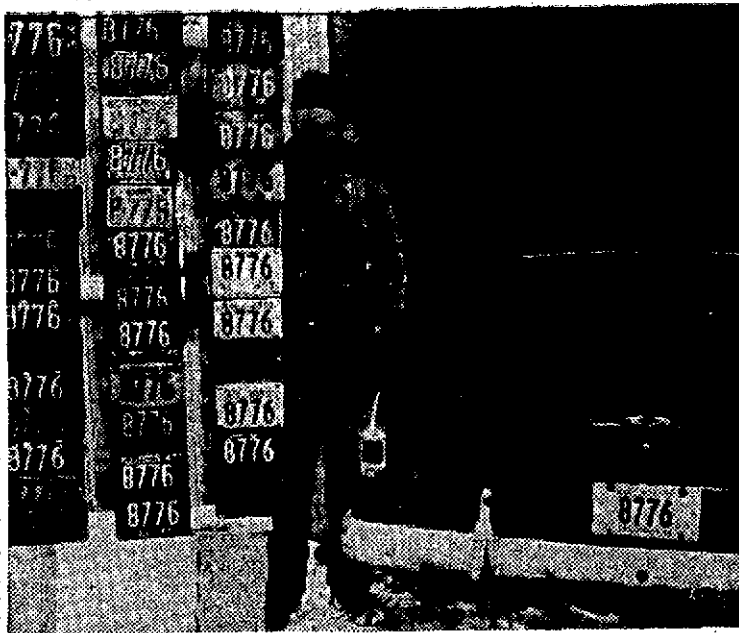

The move on behalf of Johnson was initiated by Speaker of the House Rayburn of Texas, Johnson has agreed only to give the proposal careful consideration. The 47-year-old senator suffered a heart attack last July but his doctors say he has made a good recovery.

Meanwhile, Stevenson and Kefauver ranged far afield during the weekend in their quest for support.

Addressing a party dinner in Detroit Saturday night, Stevenson attacked what he called Eisenhower's plan "for the delegation of our highest responsibilities to some 'associate president'." He said the limits placed on Eisenhower's activities since his heart attack do not conform to "the rules for governing a democracy."

"Finding peace and security... is a full-time job for a full-time president," he said.

Kefauver, in a radio-TV interview yesterday, said Eisenhower administration "insistence" on

By LEON M. URIS

**THE STORY:** Mike Morrison, an American caught by the German invasion of Greece in 1941 knows the contents of a coded list of Underground leaders. Konrad Heisser, the German agent, is seeking Morrison, who is now hiding in the hills with the family of Christos. Mike desperately wants to go to Athens where he can arrange to get out of the country if the Germans do not catch him first.

### CHAPTER XIV

Konrad Heisser sipped his Scotch and water. The fat Greek, Zervos, sat next to him, rumbled and growled. Heisser looked across the broad polished table at the defiant fisherman named Maxos.

Maxos glared back at Heisser. His bulging muscles rippled through a tight-knit navy-blue sweater. His massive arms were almost black from years of whipping winds and burning sun. His face was square and hard and his hair fell in black ringlets and from his right ear hung a small circular gold earring.

Maxos was angry because he had been snatched from his boat by Zervos on the Isle of Kea. Maxos did not care whether Mr. Heisser found whom he was looking for or — or if he did, not find whom he was looking for. For Maxos was half fish, and away from his boat he was a fish out of water.

"All right," Heisser said. "Tell me the story once more."

Maxos sighed. "I can go to my boat then."

"Perhaps," Maxos grumbled again. "I was in a waterfront saloon in Nauplion drinking and minding my own business. I had just returned with a catch of fine fish. A man should mind his own business."

Heisser ignored the rebuff. He was more interested that Maxos was in the saloon the same night Morrison jumped the prison train near Nauplion.

"A man was at the next table his own business, too."

"You say you do not know who this man was?"

"I had seen him before about four months ago in the same saloon. He was a crewman from a boat that came from Larissa Province. He was dressed like a Larissa farmer and spoke with that accent too."

"You did not meet this man personally?"

"I tell you a hundred times I did not."

"Continue with your story."

"As I said — his boat came once before. Four months ago."

"What do you know about this boat?"

"Only that it was trading grain."

## Can Hypnosis Go Back to Another Era?

Editor's Note: Can hypnosis carry a patient back to another life in another era? The question is in many minds, due largely to a book which has rocked to the top

BY WATSON SIMS

**NEW YORK** (AP)—A veteran newspaper reporter in Olympia, Wash., was amazed several days ago by a state trooper's "dramatic experiments in hypnosis."

"I saw him purportedly take three different persons back to a

period in time before they were born," the reporter said.

"All responded as other persons in a life previous to the one they are now living. They gave their names, described their homes, told of their marriages and their children. Some even described their deaths."

Across the nation, many other reporters have recently found similar experiments to write about or even take part in.

One writer appeared on a television network while supposedly in the state of a 17th century German leather worker.

In Shawnee, Okla., a youth left a suicide note saying he wanted to investigate the theory of reincarnation in person.

And in California, a hostess, taking note of the times, sent out party invitations which instructed: "Come as you were."

Why such a sweeping revival of interest in hypnosis and reincarnation?

The answer seems to lie in an amateur hypnotist's book which suggests that one can be used to prove the other.

The author, Morcy Bernstein, placed a Colorado housewife under hypnosis and told her to go back in memory "until, oddly enough, you find yourself in some other scene, in some other place, some other time."

The statements she subsequently made, says Bernstein, indicate that the woman lived in Ireland 200 years ago as Bridey—or Bridget—Murphy.

Published only a few weeks ago "The Search For Bridey Murphy" is now in its 8th printing (145,000 copies) and demand is far outrunning supply. It has been serialized by 42 newspapers and purchased for a movie.

By way of by-products, the book has stimulated activity by other amateur hypnotists and has deep-

ly disturbed clergymen and psychologists.

TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU

There's more than a mile of aluminum wire in a standard 3 foot by 5 foot window screen! Here, aluminum billets are being "homogenized" in a natural gas-fired furnace before rolling and drawing operations which produce screen wire. Kaiser Aluminum's plant at Newark, Ohio, is supplied gas by National Gas and Oil Corporation, a customer of Texas Eastern.

Natural gas transported from the Southwest via Texas Eastern pipelines is an important manufacturing tool for Kaiser Aluminum Company. Many critical heat-treating operations are necessary to produce screen wire 12/1000 of an inch in diameter from 200-lb. aluminum ingots. At Kaiser, furnace temperatures from 800°F. to 1500°F. are rigidly controlled and economically sustained — thanks to natural gas. Because of this clean and economical fuel homeowners can now enjoy the benefits of rust-proof aluminum screens.

## Travelers Buy New Catcher

LITTLE ROCK (AP) — A 34-year-old catcher who saw seven years service in the American League was purchased by the Little Rock Travelers from the Memphis Chicks yesterday.

Traveler Business Manager Ray Winder announced the purchase of Joe Tipton, who batted .277 and drove in 34 runs in 60 games for Memphis last year. Both Memphis and Little Rock are members of the Class AA Southern Association. Tipton played with Cleveland, Philadelphia and Washington in the American league from 1943 through 1954.

## Tourney Play Starts With Major Upsets

By ED WILKS

By The Associated Press

The NCAA Elimination got underway in the national championship basketball tournament last night with the "wrong man" sinking a winning basket, a near-record team point total, two upsets and a ming riot.

Temple gave Holy Cross the boot 74-72 and Canisius upset North Carolina State, ranked No. 2 in the final Associated Press poll today, 79-78 in a record four vertimes at Madison Square Garden. Morehead (Ky.) State rolled up a 107-92 victory over Marshall, and Wayne (Mich.) upset DePaul 72-63 in a pair at Fort Wayne, Ind. Seattle hung on to beat Idaho State 68-66 at Seattle.

The first-round firing, in the NCAA tourney that winds up March 23 at Evanston, Ill., continues tonight with Connecticut-Manhattan and West Virginia-Dartmouth at Madison Square Garden and Southern Methodist-Texas Tech and Oklahoma City-Memphis State

casion.

Each church in the city will be represented on the program with Musical or Oratorical numbers. After the program, the Ladies' Auxiliary will serve refreshments in the Church Annex.

Adult 4-H Leaders Hold Organizational Meeting

The Adult 4-H leaders held an organizational meeting in the Hicks Funeral Home Building Saturday, March 10. There were fifteen Leaders present.

The following persons were elected to office: Mrs. Amilee Smith, President; Mrs. Alcola Wade, Vice-President; Mrs. Cleo Johnson, Secretary; Mrs. Thelma Ritchie, Assistant Secretary; Mrs. Louella Cooper, Reporter; Mrs. Pearlina Cheatham, Song Leader.

After election of officers, a discussion of the following topics was conducted: The Objectives of 4-H Club work, Types of Leaders, Qualification of Leaders, and the Parent and Leaders. Each of the above topics were discussed separately and the points of all were fused to show how we can strengthen our 4-H program in the County through more and better trained leaders.

The 4-H Leaders committee assignment for 1956, the Chairman and the members of each were: Dress Revue: Mrs. Olga Briggs-Chairman; Mrs. Alcola Wade and Mrs. Augusta Trotter.

4-H County Club Rally: Mr. E. C. Jones-Chairman; Mrs. Edna Conway and Mrs. W. S. Williams. Pairs and Exhibits: Mrs. John Adams-Chairman; Mrs. Thelma Ritchie and Mr. Miller.

Judging Contests-Demonstrations: Mrs. Jodie Duffie, Chairman; Mrs. Minnie Richardson, Mrs. R. M. Yerger, Mr. L. E. Brown, Mrs. E. L. Holmes and Mrs. Andrew Duffie.

There will be other committee appointments in our next meeting in June.

The Agents, Mrs. Maude B. Davis and Mr. C. B. Smith assisted with the meeting. Mrs. Louella Cooper, Reporter.

St. Mark Baptist Church News Sunday School was conducted by Superintendent J. C. McMullins. The address was given by Master Dennis of class No. 2. Mrs. Tennessee Johnson read the Introduction. The Pastor gave the high lights for the Review.

After Prayer service, the pastor read the Scripture and delivered the message from St. John 1:6, Subject: "God Needs Men."

Among those present were: Sister Pauline Johnson, one of the pioneer members, Brother Mac Ragland, V. Dennis, Deacon Johnson and brother Johnson, Sr., Sister Coleman and others.

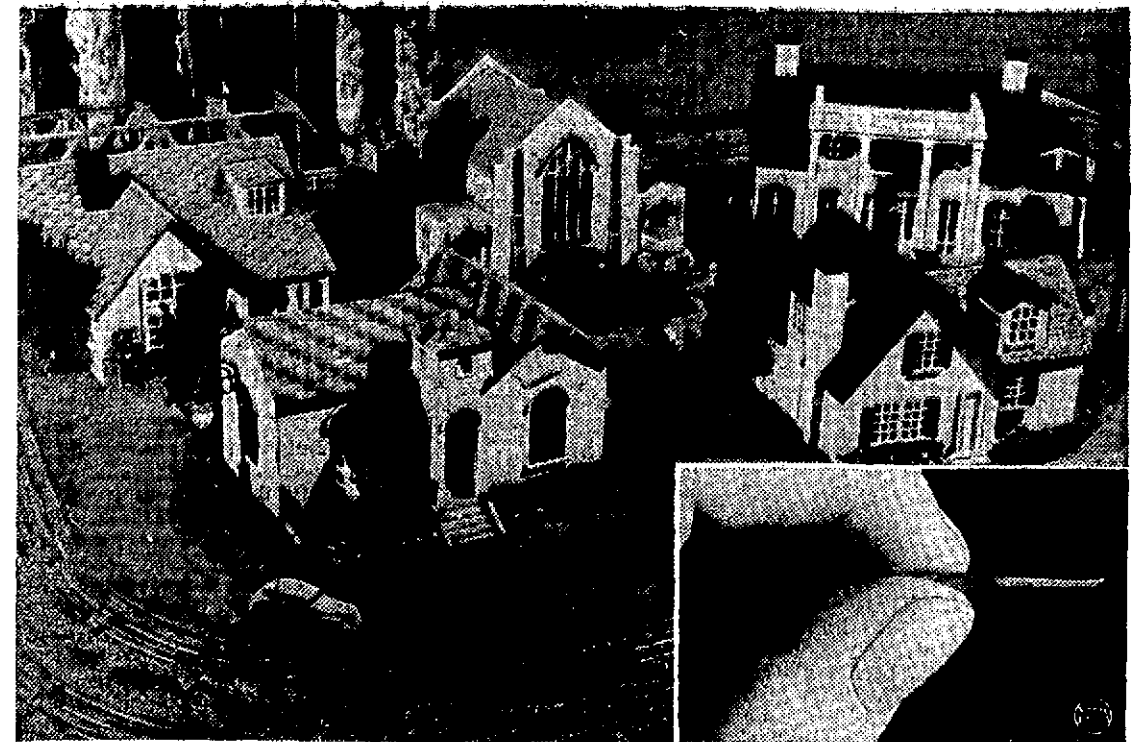

Having purchased and paid for a used piano, we plan to place it in the church very soon.

Coming And Going Mrs. Rosie Huntley, Mrs. Georgina McFadden, Mr. E. V. Coleman and Mr. R. C. Maxwell, Misses Earnestine and Martha McFadden, motored to Oklahoma for the week-end.

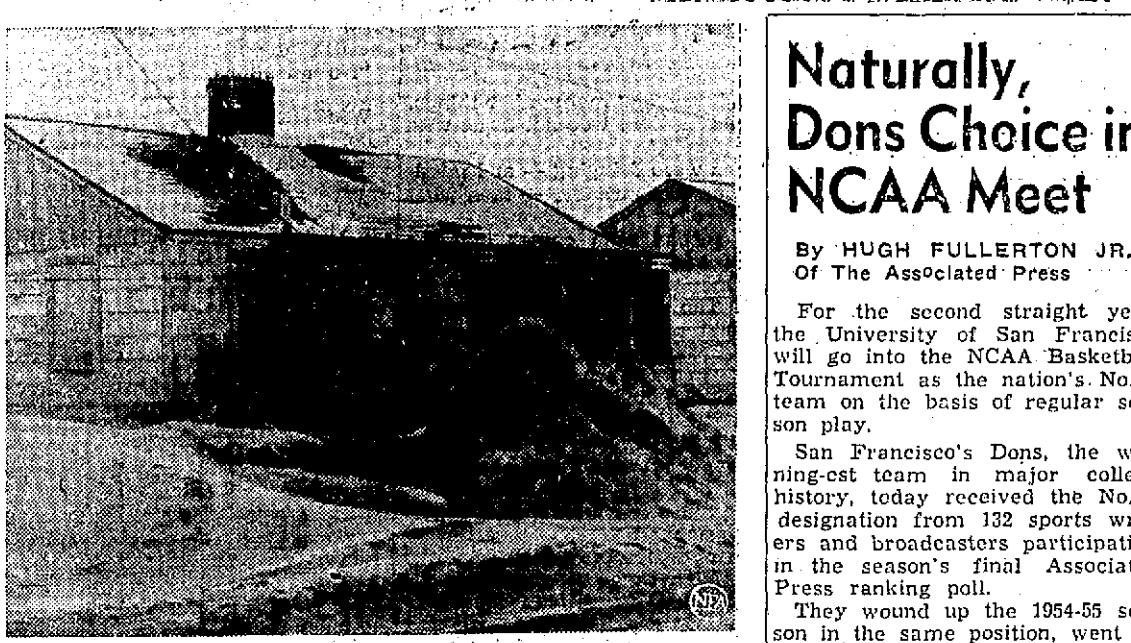

They visited Mrs. Huntley's daughter, Mrs. Arsenia Seamster, in Grant, and Mrs. McFadden's father, Mr. Charley Huntley, in Hugo. They report a very pleasant trip.

Mrs. E. M. Nelson, Principal of Hopewell Elementary School, spent the weekend in Ashdown, Arkansas with her parents Rev. and Mrs. George W. Reed.

She has made several trips home recently because of the illness of her mother. We are happy to report that Mrs. Reed is very much improved.

SEWING MACHINE VILLAGE—A treadle-type sewing machine was used to chisel this miniature village from soft wood. Here's how: A tiny chisel (insert), one sixteenth of an inch wide and one inch long, replaces the needle in the sewing machine. Operator controls the cutting speed with the treadle. Chisel cuts soft wood like a knife cutting butter. It can cut perfect circles and the most intricate patterns. One blade will cut up to 30,000 running feet of wood before wearing out, and it's possible to use it for cutting thin sheets of aluminum or copper. Village above was fashioned by William Koenig of Pittsburgh, Pa., who began the hobby 25 years ago. The tiny chisel is called a jig-saw needle for sewing machines.

PILED UP—That's sand, not snow, piled up against this cottage at Plum Island, Mass. Outside walls of the cottage were literally sand blasted by terrific windstorm that hit the resort area. Very little paint was left on the walls.

## Fairfield Wins First Tourney

PENSACOLA, Fla. (AP) — Young Gordon Fairfield headed for St. Petersburg, Fla., today with \$2,200 and his first victory on the winter pro golf circuit.

The 27-year-old Casey, Ill., pro shot a three under par 69 to win the Pensacola. Open by two strokes yesterday. His 72-hole total of 72-69-65-69-273 was 13 strokes under par. Fairfield is making his first tour on the pro tournament grind.

Be Winger, Oklahoma City, took second prize of \$1,500 with a 72-67-70-68-277. Paul Harvey of Bolton, Mass., followed with 78-67-65-71-278 and \$1,170.

Ed Furgol, 1954 U. S. Open champion, shot a 69 in the closing round for a 72-hole total of 263 to tie with five others for sixth place and \$541 each.

at Wichita, Kan. Temple's success against Holy Cross came on a jump shot by 6-6 Fred Cohen who eight seconds remaining. But it wasn't planned that way. Hal Lear, who paired with sophomore Guy Rodgers as a front line in a 2 1/2 one was to have taken the last shot. It was the 5-11 Lear who matched All-America Tom Heinsohn of Holy Cross with 26 points.

"We had set up the play for Lear," said Owl Coach Harry Littwack, "but Heinsohn, apparently coming out to help a teammate in the rush for the ball, left Cohen uncovered so Fred got the ball and let it go."

Hit was a jumping one-hander by sub Frank Corcoran—his only basket of the game—that belted N. C. State in the last five seconds of the fourth overtime, which was a tourney mark. The winning play was set up when John Maglio, who with Phil DiNardo had given State a 78-77 lead with two field goals in the last minute, missed a free throw with 14 seconds left and Canisius grabbed the rebound.

Ron Shavlik, handicapped by his broken wrist and four fouls, was high with 25 points for State. Hank Nowak potted 29 for Canisius.

Temple now meets tonight's Connecticut—Manhattan winner and Canisius plays the survivor of the West Virginia-Dartmouth nightcap at the Garden in Friday's second round at Philadelphia.

Morehead, which had a record major college average of 86 points a game, fell just one of 86 points to the NCAA team mark in clobbering Marshall's mid-America Conference champions for a third time this season. Utah holds the record with its 108-85 decision over Seattle last year.

Dan Swartz a 6-4 center, scored 30 points for Morehead. DePaul, with a slim bench, was outmanned by Wayne, which got 27 points from 5-11 sophomore Clarence Straughn.

Wayne now meets Kentucky and Morehead plays Iowa in a second round double-header at Iowa City, Iowa, Friday.

Seattle, which meets Utah at Corvallis, Ore., Friday, rode home as sub guard Claire Markey hit six of the Chieftains' last eight points. Dick Stricklin scored the clincher with two minutes left.

Greenburg Tries to Speed Up Indians

TUCSON, Ariz. (AP) — General Manager Hank Greenberg thinks the Cleveland Indians are taking too much time to play a baseball game and he is doing something about it.

He promised that the club would pay \$100 into a players' fund for each game the Indians win in two hours or less during the regular season. The promise will hold good on road games as well as those at home.

The players' fund will be administered by Manager Al Lope. It will be used for any purpose that Lope and the players may choose.

"Maybe this will make them hustle a little bit," Greenberg said in announcing his plan. "Something has to be done to speed up games. They are dragging more and more every year."

The average length of the Indians, games last season was 2 hours and 20 minutes. They were involved in only about six games which consumed two hours or less.

Greenberg said he conceived the idea to speed up games after sitting through the Tribe's first two games with the New York Giants lasted 2:55 and 2:42. Yesterday's contest with the Chicago Cubs was timed at 2:49.

## Tech Ousted in Meet, Ouachita Girls Win

KANSAS CITY (AP) — Top-seeded Western Illinois set the pace with a 114-87 shellacking of Eastern New Mexico as the week long National Intercollegiate Basketball Tournament opened yesterday.

The total of the two scores set a new one-game record for the tournament, topping the 194 mark by Hamline (102) and Mississippi (.92) in 1953.

Eight teams were eliminated from the field of 32 in the first day's action, and the results followed the form book.

Second-seeded Geneva of Beaver Falls, Pa., bounced Arkansas Tech 74-69, and fifth-seeded Eau Claire (Wis.) State ousted Portland (Ore.) State 80-76.

First day results among the unseeded squads were: Rockhurst (N. J.) 59; Central State (Wilberforce, Ohio) 67; Montana State 66; Gustavus Adolphus 80; East Tennessee 60; Stephen F. Austin (Nacogdoches, Tex.) 72; Coc (Cedar Rapids, Iowa) 64; and Georgia Teachers 31, Southeast Oklahoma 78.

Arkansas Tech, though eliminated in the first round, set a record for consecutive appearances in the tournament. This was its seventh.

Five seeded teams getting into action for the first time today are Wheaton (Ill.) 3; McNeese (Lake Charles, La.) No. 4; San Diego State, No. 6; Pittsburgh (Pa.) State, No. 7; and Texas Southern of Houston, No. 8.

ST. JOSEPH, Mo. (AP) — Wayland College of Plainview, Tex., opens defense of its Women's National AAU basketball title against the Topeka Santa Fe Streamliners tonight in none of eight second round games.

Wayland, Commercial Extension of Omaha, Midland Jewelry of Kansas City and Iowa Wesleyan of Mount Pleasant, Iowa, are the top seeded teams. They all drew first round byes.

Wayland's Flying Queens are chasing their 72nd straight victory and their third straight National AAU championship.

Missouri Valley Dredging of Omaha handed Oregon (Mo) High School its first loss in 13 games 47-32 in one of two championship bracket contests.

Ouachita College of Arkadelphia, Ark., beat Platt College of St. Joseph (Mo) 46-38 in the second. Billie Mann scored 23 points for Ouachita.

In consolation games the Kansas City Seabees defeated Englewood (Mo) High School 38-36. St. Joseph Morris Plan won by forfeit from Omaha Merchants, and Wichita Steffen's Dairy eliminated Berl Berry Motors of North Kansas City 39-30.

SMU Favorite in Regional Play

WICHITA, Kas. (AP) — Southern Methodist, champion of the Southwestern Conference, will be the favorite in the West Regional NCAA basketball tournament opening here tonight.

Sporting a 23-2 record, the Mustangs will take on Texas Tech's Red Raiders 13-11 in the first of (CST) Oklahoma City (13-6) and Memphis State (20-6) meet in the second game.

The winner of the opener will play Kansas State, the Big Seven titlist, in Lawrence, Kas., Friday.

The victor of tonight's second game takes on Houston, champion of the Missouri Valley Conference, in Lawrence the same night. The survivors meet for the regional championship in Lawrence Saturday.

Both Memphis State and Texas Tech will bring only eight men to Wichita. Tech, champion of the Border Conference, will be playing without high-scoring Jim Reed and DuWayne Blacksheer, both ineligible under the four-year rule.

Cadets and Irish Play in 1957

NEW YORK (AP) — Mayor Robert Wagner today conferred with West Point and Notre Dame officials in an effort to have the 1957 football game between the two teams played here.

## Naturally, Dons Choice in NCAA Meet

By HUGH FULLERTON JR. Of The Associated Press

For the second straight year, the University of San Francisco will go into the NCAA Basketball Tournament as the nation's No. 1 team on the basis of regular season play.

San Francisco's Dons, the winningest team in major college history, today received the No. 1 designation from 132 sports writers and broadcasters participating in the season's final Associated Press ranking poll.

# Ford Dealers Asked for Funds for Ike

WASHINGTON, D. C. — Henry Ford today asked his dealers, as a private individual, to contribute to the campaign of President Eisenhower's election campaign.

"I also know," he added, "that a large group of our dealers are staunch Democrats and I have heard that they contributed generously to the campaign of Democratic (sic) candidates."

Ford said the Ford Motor Co., as such, would not support the political candidacy of any person, financially or otherwise.

"But what any employee of the company does in his own behalf and acting as a private citizen," Ford added, "is another matter and one of his own concern."

ABOARD USS FORRESTAL, —

Guantanamo United Press (AP) The United States will send this super aircraft carrier, the most powerful vessel of its fleet, to bolster American naval forces in the Mediterranean next January.

This was disclosed by ship officers today as newsmen arrived to witness the first public demonstration of the 70,000-ton carrier's jet plane operations.

At anchor at Guantanamo last night were no less than 27 warships. Adm. Arleigh Burke, chief of naval operations, took note of this in telling navy personnel

here:

"The vast changes in weapons systems which are occurring in the Navy today are indicated by the presence in Guantanamo right now of four of the Navy's newest ships—the Boston, world first guided missile cruiser; the Forrestal, newest, largest and most modern aircraft carrier; the Northampton, newest and finest command and communications ship; and the Forrest Sherman, the first of the new class of destroyer."

In addition to the fighting ships named by Burke, who came to Guantanamo from the Joint Chiefs of Staff conference in Puerto Rico, vessels here also include the 27,000-ton carrier Antietam; 3,450,000-ton battleships—The New Jersey and Wisconsin; 2 heavy cruisers, the Salem and Des Moines; 15 destroyers; and 2 submarines.

Capt. Roy L. Johnson, native of Big Bend, La., and skipper of the Forrestal, said that after this new

# More Students Suspended at Alabama U.

TUSCALOOSA, Ala. (AP)—University of Alabama trustees today expelled one student, suspended three others and approved lesser punishment for 21 more in disciplinary action arising from student rioting against Autherine Lucy, the school's first Negro student.

Leonard Wilson, 20-year-old Selma, Ala., sophomore was expelled.

Miss Lucy was excluded from classes after rioting Feb. 6. She was expelled Feb. 29 after unproved charges that university officials were in conspiracy with the mobs.

Wilson, who addressed student demonstrations the nights of Feb. 3 and 4, was called from class today and told of his expulsion.

A statement from the trustees said Wilson was thrown out because of his part in student rioting and also because of "unwarranted and outrageous public attacks" on Dr. Oliver C. Carmichael, university president, and other school officials.

Wilson called for a general house-cleaning at the university in an address before a White Citizens Council rally in Birmingham last Tuesday.

The trustees also announced that three students under investigation in the student rioting had since withdrawn from school and would not be re-admitted unless they were cleared of charges against them.

Wilson's name was the only one given in a statement by John A. Caddell, Decatur, Ala., trustee.

Flatop has finished her shake-down cruise she is due to go into the yard about May 5 for changes found desirable.

Postshakedown changes should be completed by November, the captain said.

This will mean that the Forrestal will be able to conduct brief trials and go to join the 8th Fleet in the Mediterranean by January.

This carrier's present complement is about 80 planes.
